ICS-213 Form Standardization (White paper)

Effective 01 May 2023

Statement of Purpose:

To standardize the formatted ICS-213 adopted for use during AmRRON operations, replacing current form used on Page 54 of the Signals Operating Instructions V4.2 and V4.2C with the format adopted by FEMA.

Intent:

Eliminate conflict between two formats of the ICS-213 which are in circulation and in use by various emergency communications organizations, and; for AmRRON PDF and Signals Operating Instruction forms to conform with the format of the ICS-213 located in the FLMSG ICS Forms menu.

The ‘Inc:’ (Incident) field should be the first field if you are using the correct form.

GENERAL MESSAGE (ICS 213)

1. Incident Name (Optional):		
2. To (Name and Position):		
3. From (Name and Position):		
4. Subject:	**5. Date:**	**6. Time**
7. Message:		

Figure 2 FLMSG PDF form ICS-213

The PDF version of the ICS-213 form (shown in FIgure 2) can be downloaded at:
https://amrron.com/wp-content/uploads/2023/02/ics-form-213-general-message-v3.pdf

General Procedure:

1. Download the PDF version of the form ICS-213 from the above link, ensuring the Incident Name is in Field 1. This form supersedes the ICS-213 Form on Page 54 of the current SOI V4.2. Place a slash through the form on P.54 to avoid inadvertently using it.

2. Use the ICS-213 form in the FLMSG Forms dropdown menu, as normal.
